Hiring Manager
Nexvora Dev Private Limited

Re: Application for MERN Stack Developer

Dear Hiring Manager,

I am writing to express my interest in the MERN Stack Developer position at Nexvora Dev Private Limited. I hold a B.Sc. in Computer Science and Engineering and have practical experience developing full-stack web applications using React.js, Node.js, Express.js, and modern database technologies.

Through projects such as YourDelivery and YourRENT, I have developed responsive interfaces, REST APIs, JWT-based authentication, role-based dashboards, database integrations, and Stripe payment functionality. These projects have strengthened my understanding of frontend development, backend architecture, and full-stack application workflows.

I am enthusiastic about working on real-world projects, collaborating with a development team, and expanding my technical skills. I would welcome the opportunity to contribute my knowledge, problem-solving abilities, and commitment to continuous learning to Nexvora Dev Private Limited.

Sincerely,

Abdullah Muhammad Siam
